

Study the subjects you love to along with the ones your parents want you to.

At the Shiv Nadar University, with its unique interdisciplinary curriculum.

When it comes to subjects, the university that's envisioned to bring world-class teaching to India offers a lot of choice. For example, you can do a Major in Computer Science along with a Minor in Economics. There are many such Major-Minor combinations to choose from. Such a broad knowledge base will surely give your career an edge over others. And give you the opportunity to study what you love. Shiv Nadar University is a part of the Shiv Nadar Foundation and draws from the pool of learning of SSN Institutions, Chennai, a top rated engineering college established in 1996.

Call a counselor at: 1800-102-1768 (9 a.m. to 7 p.m., all 7 days) or visit SNU.edu.in.
